Dear full stacker & Team

Congratulations! you / your team has won the state level citation in addition to your virtual internship certificate. Keep up your good work, let us know if you are interested in the part time / full time internship for various prestigious live state and national projects.

Those who had already applied / shown interest may just forward those applications again if you are still interested and willing to learn similar to the work done by fellow students for the AU BIT SMART PHARMA TECH app which was presented as an example.

Congratulations once again. We will intimate you by once the virtual certificates are ready.
